

PHRESH PHACTORY, INC.

"The Intellectuals Agency" • Verified Creator Network

Moving Founders, experts and professionals into the monetized Creator space.

STRATEGIC PARTNERSHIP AGREEMENT & MASTER SOW EXECUTION CHECKLIST

PARTNER ORGANIZATION:	Ora Lee Smith Cancer Research Foundation	EFFECTIVE DATES:	June 1, 2026 – June 1, 2027
PRINCIPAL FOUNDER:	Doctor Hadiyah-Nicole Green	AGREEMENT FRAMEWORK:	12-Month Renewable Partnership Contract
AGENCY LEAD:	Kiera H., Founder • Phresh Phactory, Inc.		

Dear Doctor Green,

I want to start off by expressing my deepest gratitude and appreciation for the opportunity to work together. It is a true honor to partner with you and the Ora Lee Smith Cancer Research Foundation. I am incredibly looking forward to helping navigate you and the organization into increased earned income, accelerated growth, and a substantial increase in revenue overall. Please rest assured that as your strategic advocate, I will constantly keep my eye out for opportunities of all kinds that fit into our program to amplify your mission and expand your clinical runway.

Based on my specialized industry experience, the following constitutes a comprehensive, non-exhaustive list of work to be systematically addressed in year one to aggressively move the foundation on an upward trajectory of notoriety, prestige, and sustainable earned income.

SECTION 1: FOUNDATIONAL OPERATIONAL PRINCIPLES

THE INTELLECTUAL PROPERTY (IP) , IDEATION, & ARCHITECTURAL EQUITY CLAUSE

Legal Notice: Several core revenue frameworks, subscription models, and virtual distribution systems within this contract were entirely conceptualized, structured, and envisioned from scratch by Kiera H. and Phresh Phactory, Inc. In instances where the Ora Lee Smith Cancer Research Foundation chooses to deploy its internal volunteer staff to execute the manual daily tasks associated with these specific models under Track B, a fixed baseline performance commission remains contractually due to Phresh Phactory, Inc. This fee acknowledges the proprietary strategy design, architecture setup, and the master operational playbooks created by Kiera H. for your team to copy and follow.

THE REGULATORY GIVING SAFEGUARD

Ethical Compliance: In strict adherence to 501(c)(3) internal revenue guidelines and to prevent any conflicts regarding private inurement, if any individual, institution, or corporation makes a philanthropic donation directly to the non-profit foundation, Phresh Phactory, Inc. will take a 0% commission. One hundred percent of direct philanthropic capital remains completely untouched by the agency and is routed entirely to your clinical testing pools.

SECTION 2: ITEM-BY-ITEM CATEGORIZED SCOPE OF WORK

Instructions: Review each task line-by-line, mark selected checkboxes to indicate execution pathways, and dynamically configure the recurring baseline retainer premium structure for the 12-month calendar term.

CATEGORY 1: DIGITAL INFRASTRUCTURE & VOLUNTEER SYNC

Focus: Creating automated giving pathways and training volunteer staff to maintain online touchpoints.

Task 1.1: Official Non-Profit Fundraiser Verification & On-Platform Gifting Integration

Timeframe: **7-14 Days from onboarding kickoff** Credit: **Standard Platform Integration**

Formally registering the Ora Lee Smith Cancer Research Foundation as a verified, official "Fundraiser" entity inside the @PhreshPhactoryInc TikTok Verified Creator Network Agency. This integration modifies the native parameters on your account, unlocking advanced permissions that enable real-time, interactive donation badges and one-click giving widgets to stay permanently embedded across all video posts and LIVE stream broadcasts.

EXECUTION OPTIONS (SELECT ONE):

Option B: Retainer-Backed Configuration & Strategic Setup

Labor: Setup and system configuration fully executed by Phresh Phactory, Inc.

Cost/Commission: Backed entirely by your Base Monthly Retainer floor. A strict 0% commission applies to all direct fundraising gifts; 100% routes straight to foundation pools.

Task 1.2: Cross-Platform Fundraiser Duplication & Omnichannel Synchronization

Timeframe: **10-14 Days** Credit: **Standard Platform Integration**

Duplicating and verifying identical non-profit fundraising mechanisms across all peripheral social networks—specifically Instagram, Facebook, and LinkedIn. Update or add accounts as needed, specifically PayPal Giving Fund, etc. This builds a unified backend ecosystem ensuring synchronized, native donation buttons are active globally (where available), providing a frictionless giving path everywhere your audience interacts with your brand.

EXECUTION OPTIONS (SELECT ONE):

Option B: Retainer-Backed Volunteer Training Track

Labor: Ora Lee Smith volunteers search for, create, and update the native profiles. Phresh Phactory, Inc. provides the underlying strategic data mapping and template protocols to equip them.

Cost/Commission: Backed entirely by your Base Monthly Retainer floor. \ \$0 extra agency fee.

Option A: Premium Agency-Managed Execution Upgrade

Labor: Phresh Phactory, Inc. systems team completely bypasses volunteer training and manually executes the full omnichannel setup for you.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

Task 1.3: Omnichannel Product Tagging Blueprint & Volunteer Implementation Training

Timeframe: **5-7 Days for playbook completion and delivery** Credit: **Envisioned, Written, & Taught by Kiera H.**

Designing and compiling a step-by-step technical execution playbook and conducting training for the foundation's volunteer staff. Phresh Phactory, Inc. will write explicit instructions detailing exactly how to configure advanced content tagging frameworks across your social profiles so that short-form posts, long-form assets, and active LIVE overlays display clickable tags. Your volunteers will be trained on how to link media directly to the e-commerce store catalog, creating a seamless "watch-to-purchase" flow for your viewers.

EXECUTION OPTIONS (SELECT ONE):

☐ Option B: Retainer-Backed Tagging Playbook & Strategic Training

Labor: Strategic system mapping, documentation writing, and volunteer training conducted fully by Phresh Phactory, Inc. Manual day-to-day item tagging on published media is executed by your trained volunteer team.

Cost/Commission: Backed entirely by your Base Monthly Retainer floor.

☐ Option A: Premium Agency-Managed Execution Upgrade

Labor: Phresh Phactory, Inc.'s internal team completely takes over the manual tagging burden, actively tracking your content calendar and mapping tags cross-platform for you.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

CATEGORY 2: CONTENT PRODUCTION & BROADCAST PROGRAMMING

Focus: Kiera H.'s high-leverage on-camera co-recording time with Dr. Green to maximize audience trust and conversion.

Task 1.4: The Hosted "Story Time" LIVE Interview & Live Outro Commerce Engine

Timeframe: **Weekly or Monthly on a fixed schedule throughout the 12-month term**

Credit: **Envisioned, Structured, & Hosted by Kiera H.**

Launching a predictable, highly recurring episodic series where the world learns about your path, philosophy, and mind in profound detail. Utilizing an interviewer anchor model directly inspired by the classic dynamic of Oprah Winfrey and Gayle King, Kiera H. will execute all necessary pre-broadcast research and scriptwriting to actively host and prompt the questions to Dr. Green. This framework introduces you (again) and allows you to detail your history, your research, and your philosophy profoundly while completely protecting your patented architectural details from accidental disclosure. This broadcast can be fully co-hosted on TikTok between @PhreshPhactoryInc and @DrHadiyahGreen, and both parties retain non-exclusive, independent legal rights to edit, repurpose, and slice the recorded video footage for later utilization on auxiliary platforms, alternative brand channels, and peripheral organizational accounts—specifically including @OraLeeOrg. Some parts of the broadcast can be performed or pre-recorded by Dr. Green if preferred. Furthermore, upon your scheduled departure from each broadcast, Kiera H. will remain live on camera to actively manage the transactional outro: selling product lines, driving monthly subscriptions, and delivering formal corporate contact pathways for direct donations, keynote talks, and institutional bookings.

Commission Structure Rationale: Because Kiera H. serves as the active, on-camera creative talent, script architect, and master-interviewer alongside you, this performance revenue is split as a direct peer-to-peer talent allocation.

EXECUTION OPTIONS (SELECT ONE):

Option A: Live Broadcast Performance & Outro Commercial Path

Labor: Joint on-camera broadcast performance by Doctor Green and Kiera H., with extended post-show commercial capture managed entirely by Kiera H.

Cost/Commission: The fundamental backend scripting and hosting labor are completely backed by your general baseline retainer. All direct donations to the foundation remain 100% directed to the non-profit. Any membership sold or secondary financial interaction contains its own assigned fee schedule as detailed in this contract. If not specified, general live tipping or platform-derived rewards are distributed via an equal **50/50**

Performance Allocation Split as both parties function as active talent.

Task 1.5: Live Streaming Infrastructure Playbook & Volunteer Video Training

Timeframe: **30 Days for manual completion and volunteer deployment**

Credit: **Envisioned, Written, & Taught by Kiera H.**

Designing and composing a complete, master operational instruction guide and instructional video training series to execute professional onboarding for the foundation's volunteer staff. This comprehensive training program maps out everything required to run and scale high-performance live broadcasts safely and drive digital sales (earned income). Phresh Phactory, Inc. will instruct your volunteers on exactly how to open and manage live parameters, how to deploy and pin links to drive direct donations, how to monitor chats and block disruptive users, how to overlay active e-commerce products dynamically, how to push monthly membership subscriptions, and how to pin essential corporate contact pathways in the chat in real time.

EXECUTION OPTIONS (SELECT ONE):

☐ Option B: Retainer-Backed Volunteer Playbook & Video Training

Labor: Master instruction writing, tutorial recording, and operations mapping conducted fully by Phresh Phactory, Inc. Active live stream chat moderation and parameter control are executed by your trained volunteer team.

Cost/Commission: Backed entirely by your Base Monthly Retainer floor. There are zero extra backend fees or commissions assessed for creating the instructions or training modules.

☐ Option A: Premium Agency-Managed Execution Upgrade

Labor: Phresh Phactory, Inc. functions as the active broadcast operations manager, handling technical parameters and digital link pinning dynamically from our dashboard.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

Task 1.6: AI-Assisted Content Syndication Pipeline & Deployment Training

Timeframe: **Continuous throughout the 12-month term** Credit: **Advanced Agency Marketing & PR**

Actively constructing and running an artificial intelligence-assisted syndication pipeline to automatically slice long-form broadcast interviews, co-hosted LIVE sessions, and subscription-based footage into high-engagement micro-content optimized for distribution across LinkedIn, Facebook, and Instagram.

EXECUTION OPTIONS (SELECT ONE):

Option B: Retainer-Backed Syndication Strategy & Growth

Labor: Phresh Phactory, Inc. builds the underlying automation strategies, defines asset workflows, handles layout templates, and provides systems training. Ora Lee Smith volunteers handle day-to-day video clipping and cross-platform publishing.

Cost/Commission: Backed entirely by your Base Monthly Retainer floor.

Option A: Premium Agency-Managed Execution Upgrade

Labor: Video syndication editing, AI mapping, rendering, and cross-platform multi-account distribution executed entirely by Phresh Phactory, Inc.'s internal media team.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

Task 1.7: Strategic Media Relations, Periodical Research, & PR Playbook

Timeframe: **Continuous throughout the 12-month term** Credit: **Advanced Agency Marketing & PR**

Developing and executing a targeted media outreach strategy to secure earned media coverage. This includes conducting deep, manual industry research to identify exactly which specialized scientific periodicals, legacy print channels, and major mainstream media networks to interact with, followed by building curated media lists, crafting compelling press angles, and designing communication templates to keep your research milestones at the absolute center of the global conversation.

EXECUTION OPTIONS (SELECT ONE):

Option B: Retainer-Backed PR Strategy & Asset Framework

Labor: Periodical research, custom media list construction, and press template drafting executed entirely by Phresh Phactory, Inc. Ora Lee Smith volunteers manage the physical outreach, transmission of pitches, and media relationship follow-ups.

Cost/Commission: Backed entirely by your Base Monthly Retainer floor.

Option A: Premium Agency-Managed Execution Upgrade

Labor: Phresh Phactory, Inc.'s PR publicists handle the manual pitching, direct journalist follow-ups, and coordinate earned media calendar requests for you.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

CATEGORY 3: DIGITAL SUBSCRIPTIONS & MONETIZATION

Focus: Creating recurring digital revenue architectures directly attached to your channels.

Task 1.8: "Citizen Scientist" Multi-Tiered Monthly Subscription Architecture

Timeframe: **14 Days setup and configuration** Credit: **Envisioned, Written, & Built by Kiera H.**

Creating, describing, writing about, and setting up a customized multi-level paid monthly subscription program directly attached to your channels. This framework shifts your digital presence away from unpredictable one-time gifts and into automated cash flow by converting general platform viewers into recognized, long-term "Citizen Scientist" monthly foundation supporters. Higher tiers grant exclusive access to interactive post-interview question-and-answer sessions with you, specific topics like deeper behind-the-scenes laboratory updates, suggested grant evaluations, advanced research summaries, and specialized video diaries.

EXECUTION OPTIONS (SELECT ONE):

☐ Option B: Retainer-Backed Setup with a 90/10 Content Growth Split

Labor: Strategy creation, technical description writing, and system deployment executed fully by Kiera H. and Phresh Phactory, Inc. Daily community management and perk delivery handled by your trained volunteer team.

Cost/Commission: The entire structural setup and platform configuration are covered under the baseline retainer. To reward the ongoing scalability of this digital asset, a standard **90/10 Growth Split** (90% of recurring revenue to the Foundation / 10% to Phresh Phactory, Inc.) applies strictly to recurring subscription volume metrics.

☐ Option A: Premium Agency-Managed Execution Upgrade

Labor: Phresh Phactory, Inc.'s corporate team takes complete manual ownership of user technical troubleshooting, perk dashboard updates, and community administration panels.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

Task 1.9: Digital Youth Curriculum Framework

Timeframe: **21 Days Setup** Credit: **Standard Agency Service**

Packaging your core STEM support message and short classes into an entirely digital, high-margin youth curriculum. Target middle and high school classrooms through 2-way video streaming packages, removing physical inventory overhead while maximizing educational reach and driving earned income volume.

EXECUTION OPTIONS (SELECT ONE):

☐ Option B: Retainer-Backed Volunteer Distribution Track

Labor: Content formatting and digital streaming hosting setup built fully by Phresh Phactory, Inc. School client communications are handled by your volunteer staff.

Cost/Commission: Initial builds are retainer-backed. On all generated digital curriculum sales volume throughout the calendar year, Phresh Phactory, Inc. retains a **15% digital product royalty split** for lines envisioned and created by Kiera H.

☐ Option A: Premium Agency-Managed Execution Upgrade

Labor: Phresh Phactory, Inc. manually manages curriculum enrollment portals, school district dashboard clearances, and license distribution accounts for you.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice. Standard royalties apply.

Task 1.10: Virtual 2-Way LIVE Masterclass Turnkey Package

Timeframe: **21 Days Setup; active per individual booking** Credit: **Envisioned & Created by Kiera H.**

Merging your outreach initiatives into a premium institutional service. Academic K-12 school districts, private academies, or corporate youth funds book a live, interactive, two-way masterclass via Zoom. Kiera H. anchors and hosts the session, and classrooms utilize an on-demand fulfillment pipeline. Personalized lab coats, notebooks, and equipment kits are produced and shipped directly via a print-on-demand framework—completely removing manual boxing or physical product inventory overhead. Phresh Phactory, Inc. or volunteer staff manually route orders directly through the digital dashboard ahead of the stream date.

Commission Structure Rationale: Kiera H. engineered this turnkey hybrid framework to solve university procurement hurdles and combine on-demand product automated fulfillment with high-value educational services.

EXECUTION OPTIONS & EARNED INCOME SPLIT (SELECT ONE):

☐ Option A: Agency-Executed Masterclass Operations (15% Corporate Fee)

Labor: Phresh Phactory, Inc. runs the Zoom tech, manages audience Q&A, routes and authorizes the print-on-demand dashboard product orders, and administers school customer service.

Cost/Commission: 15% Corporate Agent Fee on the total gross package contract paid by the booking school or corporation.

☐ Option B: Volunteer-Executed Fulfillment Operations (10% Corporate Fee)

Labor: Ora Lee Smith Foundation volunteers log into the portal to manually trigger the print-on-demand item shipments. Kiera H. still actively hosts and guides the live Zoom broadcast.

Cost/Commission: 10% Corporate Agent Fee on the gross contract. The 10% baseline is contractually preserved because Kiera H. invented the turnkey framework and delivers the master operational playbook for your team to copy.

CATEGORY 4: INSTITUTIONAL PARTNERSHIPS & HIGH-TICKET REPRESENTATION

Focus: Corporate alignments, large-scale enterprise funding, and major public platform acquisitions.

Task 1.11: Institutional Corporate Sponsorship Tier Architecture

Timeframe: **21 Days for complete package design & layout** Credit: **Strategic Business Development**

Researching, writing, and building comprehensive high-ticket institutional sponsorship packages. This framework enables multinational corporations, major technology brands, and global philanthropic funds to formally back, cross-promote, and financially sponsor the ongoing "Story Time" episodic broadcast library, opening a massive vector for enterprise funding.

EXECUTION OPTIONS (SELECT ONE):

☐ Option B: Retainer-Backed Design & Matrix Framework

Labor: Structural design, corporate matrix mapping, and pitch deck asset generation executed fully by Phresh Phactory, Inc. Manual pitching and follow-ups are routed through your volunteer staff.

Cost/Commission: The structural package build is backed entirely by your retainer. Sponsorship relationships directly nurtured to a paid contract by the agency will apply a standard **15% commercial agent fee** on gross corporate earnings. Direct philanthropic foundation gifts route at a strict 0% commission.

☐ Option A: Premium Agency-Managed Corporate Outreach Upgrade

Labor: Phresh Phactory, Inc. actively fields, delivers, and negotiates these sponsorship tiers directly with our active corporate relationship networks.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice. Standard agent commissions apply.

Task 1.12: Elite In-Person Keynotes, Corporate Partnerships, & Paid Honorariums

Timeframe: **Continuous Sourcing & Procurement** Credit: **Standard Agency Representation**

Sourcing, structuring, and negotiating elite, high-ticket corporate agreements and institutional appearances. To protect your time and maximize financial leverage, all in-person campus appearances are contractually limited strictly to Major Keynotes, Endowed Lecture Series, or Commencement Addresses valued at \ \$15,000 – \ \$35,000+. All localized departmental guest lectures or smaller panel formats are shifted to automated digital formats. Because these payments are processed as commercial transactions directly to you or your entity rather than direct philanthropic donations, they are fully commissionable.

EXECUTION OPTIONS & REPRESENTATION TRACK:

☐ Option A: Retainer-Backed Sourcing with a 15% Commercial Agent Fee

Labor: Sourcing labor, presentation deck design, and legal contract configurations are completely backed by your general monthly retainer. Phresh Phactory, Inc. designs presentation decks, sources corporate targets, handles intense legal contract negotiations, and secures the engagement.

Cost/Commission: Phresh Phactory, Inc. retains a **15% Commercial Agent Fee** applied strictly to the gross corporate honorarium secured through our agency's direct relationships. Sourcing labor and contractual design are completely backed by your retainer.

Task 1.13: Main-Stage TED Talk Acquisition Campaign

Timeframe: **6 to 9 Month independent editorial application cycle** Credit: **Strategic Public Relations**

Curating your professional public profile assets, constructing a specialized media kit, and launching a highly targeted submission and outreach campaign aimed at securing a formal, main-stage TED Talk placement for you. Acknowledging that TED is a non-profit platform that contractually does not compensate any of its speakers, Phresh Phactory, Inc. will leverage this massive global stage visibility as a top-of-funnel driver to scale your automated digital assets, subscription tiers, and premium \ \$35,000+ corporate keynotes.

EXECUTION OPTIONS (SELECT ONE):

☐ Option B: Retainer-Backed Volunteer Campaign Framework

Labor: Media kit curation and custom profile mapping completed entirely by Phresh Phactory, Inc. Ongoing manual tracking and outreach updates are routed through your volunteer staff.

Cost/Commission: Included completely within the baseline retainer parameters. There is 0% commission on the talk itself, as it is non-compensated.

☐ Option A: Premium Managed Public Relations Pitching Upgrade

Labor: Phresh Phactory, Inc. internal media publicists coordinate manual phone line pitches and ongoing application panel reviews directly with editorial gates.

Cost/Commission: Adds a fixed task premium of **+\$250 / Month** to the base monthly retainer invoice.

SECTION 3: RECURRING MONTHLY RETAINER CONFIGURATION

The final monthly agency fee is dynamically configured based on the explicit labor tracks chosen across Section 2. Both parties agree to the following cumulative mathematical calculation framework:

Step 1: Base Strategic Advisory & Talent Floor • \ \$3,500 / Month

Contractual Mandate: This fixed baseline fee covers Kiera H.'s expert advisory hours, system blueprints, pre-broadcast narrative research, scriptwriting, on-camera co-hosting talent, the architecture of subscription funnels, and the live training videos/onboarding sessions provided to your volunteer staff.

Step 2: Task-Level Management Premiums • +\ \$250 / Month Per Selected Upgrade

Contractual Mandate: For each specific task where the foundation actively selects **Track A (Premium Agency-Managed Execution)** to offload the manual day-to-day burden from their volunteers, a fixed premium of **+\ \$250 / Month** is added to the baseline invoice to cover the physical engineering, daily posting, and manual execution labor of the Phresh Phactory internal team.

SECTION 4: STRATEGIC GUARDRAILS & AUTHORIZATION

- **Brand Sovereignty:** You retain complete, absolute veto power over every product design, PR pitch, video asset, and corporate alignment. Nothing goes live without your explicit written sign-off.
- **Intellectual Property Safety:** Phresh Phactory, Inc. acts strictly as a commercial marketing engine and advisor. At no point does the agency claim ownership or hold titles over your formulas, research data, medical science, or patents.
- **Asset Sovereignty:** The standalone e-commerce website and subscription frameworks built during this engagement remain 100% owned by you and your foundation, securing long-term digital autonomy.

Authorization Signatures

By signing below, both organizations formally validate the specific task-level selections, commission percentages, chosen execution tracks, and dynamic dynamic retainer calculation rules checked off throughout this master contract pack for the complete 12-month calendar duration.

Merchant of Record (MoR) & Managed Service Agreement Addendum

ADDENDUM A: PURPOSE-DRIVEN BASE MERCHANDISE STORE SETUP & OPERATIONS SOW

THE MERCHANT OF RECORD (MOR) STRUCTURAL FRAMEWORK

This Addendum constitutes a legally binding, independent **Business-to-Business (B2B) Operating Agreement** executed between Phresh Phactory, Incorporated and the Ora Lee Smith Cancer Research Foundation. This specific task operates on an independent financial track and **does not merge with the general monthly retainer** or baseline agency fees detailed in the primary contract.

Doctor Green and the Ora Lee Smith Cancer Research Foundation require a commercial infrastructure that carries zero financial, technical, global tax, or legal liability for their organization. To satisfy this strict requirement, Phresh Phactory, Incorporated will build, maintain, and operate the storefront completely as the Merchant of Record (MoR).

While the standalone e-commerce store asset will be owned 100% by Doctor Green and the Ora Lee Smith Cancer Research Foundation, Phresh Phactory, Incorporated legally absorbs 100% of the operational transaction risks, sales tax tracking, international data compliance, fraud exposures, and customer support processing liabilities. Product fulfillment utilizes an advanced digital on-demand pipeline—completely eliminating physical inventory overhead or physical product packing requirements. Phresh Phactory, Incorporated or volunteer staff manually route orders directly through the dashboard. Because Phresh Phactory, Incorporated is absorbing complete financial and legal liability, services are structured under a specialized Three-Part Pricing Model:

THE THREE-PART COMMERCIAL PRICING MODEL

PRICING COMPONENT	STANDARD AGENCY SCOPE & DELIVERABLES	CONTRACTUAL RATES & SELECTIONS
1. Upfront Setup Fee <i>One-Time Flat Fee</i>	Covers the extensive labor and legal infrastructure needed to build out the store front, configure global automated tax matrix software, purchase legal consumer contract templates, establish secure payment gateways, and script localized customer support blueprints. Retained to guarantee engineering and legal setup hours are fully covered regardless of lifecycle length.	\$10,000 Flat Fee ☐ [] Authorize Setup Fee <i>Standard Range: \$5,000 - \$15,000</i>
2. Monthly Operational Cost <i>Recurring Weekly Billing</i>	A flat fee invoiced at the start of every operational period to handle customer support representatives, active web maintenance, code optimization, and platform subscriptions (e-commerce engine, tax tracking extensions, live helpdesk ticketing systems). This fee shields the agency from paying software maintenance bills out of pocket during slow volume	\$1,000 / Week ☐ [] Authorize Operations <i>Standard Range: \$2,500 - \$7,500/mo</i>

PRICING COMPONENT	STANDARD AGENCY SCOPE & DELIVERABLES	CONTRACTUAL RATES & SELECTIONS
	months. Integrates advanced AI features to support two real-time live chat agents.	
3. Transaction & Revenue Share Fee <i>Assessed per Sales Volume</i>	Standard transaction apps move money for roughly 2.9% + 30¢ but carry 0% liability. Automated platforms that absorb structural liability run between 4% and 8% per click. Because Phresh Phactory, Incorporated manages the total financial liability risk (5%) and cards processor costs (3%), a tiered revenue share is assigned based on dashboard order routing pathways and ideation origin.	[] 8% Transaction Fee <i>Baseline processing & risk cover.</i> Product Creation Adjustments: • 10%: Digital/On-Demand (Not by Kiera H.) • 15%: Lines envisioned/created by Kiera H. • 20%: Complex High-Risk physical goods.

STRATEGIC AUTHORIZATION & DEPLOYMENT

By executing signatures below, the Ora Lee Smith Cancer Research Foundation and Doctor Green formally appoint Phresh Phactory, Incorporated as the exclusive Merchant of Record for the foundation-owned e-commerce ecosystem and approve the separate, non-merged payment terms outlined in this Addendum.
